ANNUAL MEETING OF THE MEMBERS Ratification of Board Recommended Resolution entitled Member's Right to Privacy and Freedom from Harassment May 26, 2016

Member's Right to Privacy and Freedom from Harassment

To allow all members to enjoy their property and such quiet enjoyment as should accompany home ownership, the following are duly adopted by an official vote of the Members:

- Members are not to take pictures of property belonging to other Members without the express consent of the property owner
- Children at the bus stop or on their way to catch the bus are not to be approached or questioned about the Member's family without permission from their parents.
- Members are not to be approached regarding official HOA matters (ie violations, etc) by other Members. All violation notices must be in writing and may only be issued by the Association.
- Members who are not "Friends of Briargrove" members do not want information, pictures, or anything else about them or their property posted on Facebook or any other Social Media site.
- Unless a Member is a law-enforcement officer, they do not have the right to attempt to enforce laws. Members are to call the proper authorities if they feel a law is being broken. Members do not want to be harassed or chased down to be told they are breaking the law by someone who does not have jurisdiction over them or their venue.

Cc: Briargrove HOA Secretary
